Steel Walkout Averted Today; Extend Parley

(By The Associated Press)

The United States Steel corporation and the CIO Steel Workers Organizing Committee agreed today to continue their wage negotiations, thus averting the threat of an immediate work stoppage in the steel company's mills.

The SWOC issued a statement saying that workers would remain at their posts under the present contract until April 15 and that any changes in wages or working conditions agreed upon in the meantime would be retroactive to April 1. The SWOC previously had called a strike for midnight Tuesday.

In Washington, Secretary Perkins told the house military committee that she had been informed that difficulties surrounding work stoppage in the bituminous coal fields would "be cleared before the day is over—maybe even now."

With the Allis-Chalmers strike virtually settled, federal labor agencies turned their attention today to the problem of calming labor strife in the Ford Motor company.

1 KILLED, 2 HURT IN AUTO CRASH AT DEERFIELD CURVE

Cleveland Is Victim, One of 14 In Ohio Over Weekend

Agreement Ratified
The Allis-Chalmers walkout, which has blocked work on \$45,000,000 of defense orders since Jan. 22, was virtually settled by the defense mediation board yesterday when management and CIO union officials signed an agreement which was given union membership ratification at noon today.

The company announced it would reopen the plant to its 7,800 employees tomorrow.

In the New York northern soft coal mine operators and the CIO United Mine Workers made ready a new contract to replace one which expired last week. Southern operators, who claim to produce 35 per cent of the nation's bituminous coal, said they would not sign. Principal UMW demands included wage increases and elimination of a north-south pay differential.

Federal and state conciliators are working to end a production tieup at Ford's vast River Rouge plant, whose operations are vital to \$150,000,000 of defense orders.

James P. Dewey, federal conciliator, and Murray D. Van Wageningen, Michigan governor, said in a joint statement, they hoped to get company and union representatives together no later than tomorrow. "We hope," he added, "to reach a settlement at that time."

Demand Raise, Contract
The union called the strike six days ago on the contention that the company dismissed employees for union activity. Further, the union demanded a contract, 10 cents an hour pay increase and fixed grievance procedure. The factory employs 85,000 and Ford assembly plants elsewhere in the nation depend on it for materials.

Principal issue of the Allis-Chalmers strike, union security was covered in yesterday's agreement as follows:

"It is agreed that the fact that an employee is not a member of the union or is not a member in good standing shall not alone and in itself be cause for discipline in the absence of some other fact or facts showing that the status of and con-

Steve Odony, 29, of 2317 W. 30th st., Cleveland, was killed when the automobile in which he was riding overturned on Route 14, a half mile south of Deerfield, shortly before midnight Sunday.

His death was one of 14 which resulted from traffic accidents in Ohio over the weekend, and occurred on one of four mishaps investigated by the Salem state patrol.

Odony, although the owner of the car involved in the accident, was a passenger in the machine which was driven by Andrew M. Soss, 29, of 3341 Seymour st., Cleveland.

Fails To Make Curve
According to the patrol, the machine failed to negotiate a curve and plunged from the highway. Odony died almost instantly of a fractured skull.

Soss escaped with lacerations of the face and body bruises. Another passenger in the car, Louis S. Zabo, 37, of Cleveland, suffered a fractured left arm, face lacerations, bruises and shock. He was taken to the Ravenna hospital.

Joseph Gyurko, 28, of Cleveland, who also was riding in the machine, escaped uninjured.

At the time of the accident, the group was traveling south, enroute to Morgantown, W. Va.

John Paul Bower, 27, of New Waterford, received a head injury, a lacerated cheek and brush burns, when his coal truck hit the Millville bridge on Route 14, several miles east of Salem, at 12:40 p. m. Saturday.

Bower was thrown clear of the truck which caught fire after the crash. The Salem fire department responded and extinguished the blaze with water from the booster pumper.

\$20,497 IS SALEM'S WELFARE BUDGET

Nine Organizations To Participate; Allotments Made

Salem's 1941 budget for its Community Chest campaign is \$20,497, practically the same amount as was raised last year.

The board of directors of the Salem Welfare association, meeting at noon today, fixed this budget, to include the same nine organizations which have been participating in the chest funds.

Funds allotted, together with last year's figures, follow:

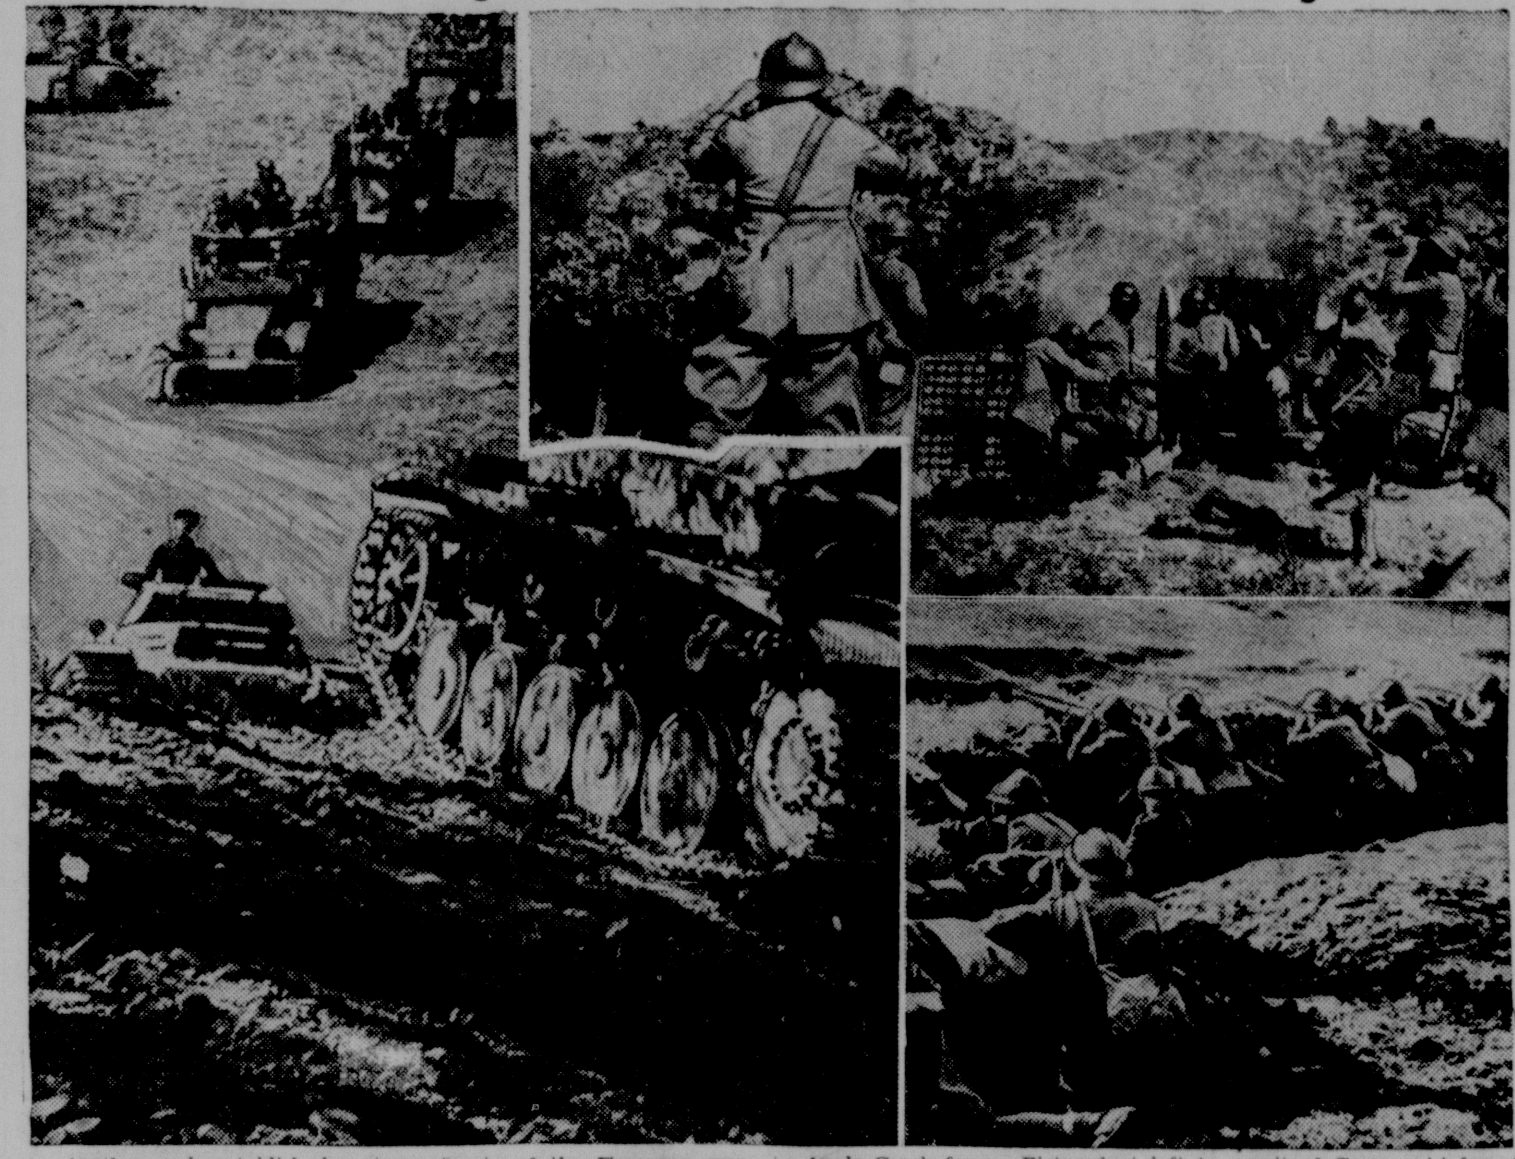

Red Cross, \$4,500, same as last year; Home For Aged Women, \$1,000, same; Girls Friendly Council, \$250, an increase of \$50; Boy Scouts \$1,147, an increase of \$102 (this quota is based on population); Salvation Army \$1,400, an increase of \$200; Girl Scouts \$750, an increase of \$350; Memorial building \$5,500, same; Salem City hospital \$4,250, a decrease of \$750; Central Clinic hospital \$1,700, a decrease of \$300.

Physicians to Convene
The Columbus County Medical society will hold its monthly session at 9 p. m. Tuesday in the American Legion hall at Lisbon.

Guest speaker will be Dr. T. O. Elterich, assistant professor of pediatrics at the University of Pittsburgh, whose subject will be "Problems in the Endocrinology of Childhood."

THIEVES RANSACK TWO HOMES, STORE

Schwartz Office Entered; Watches Taken at S. Union Ave. Home

Burglars were busy in Salem during the weekend, breaking into a store and two homes, police reported.

Thieves who entered the Schwartz dry good store on S. Broadway Saturday night, ransacked the office but, apparently, obtained no loot. Henry Preis, manager of the store, discovered at 8:30 a. m. Sunday that the place had been entered.

Entrance was gained by bending the bars at a second floor window and then raising the window. It was reported by Chief Ralph Stoffer and Patrolman James Hassey. The burglars, it is believed, were looking for money.

Jewelry valued by the owners at approximately \$444 was stolen by thieves who broke into the home of Mr. and Mrs. Alex Lazar, 664 S. Union ave., between 7 and 8:45 p. m. Sunday. Patrolman George Resch reported.

A pass key was used on a rear door to gain access to the home. Articles taken included a woman's gold watch, a diamond ring, a gold ring, a gold watch and chain, a gold necklace, a wedding ring, a silver watch and a stick pin.

W. B. Townsend told Patrolman Paul Ormsby that his home at 1280 Mound st., was entered sometime between 6:30 and 10:30 p. m. yesterday by thieves who stole \$3.52 in cash, a \$5 pearl set ring and a small watch.

Dr. R. C. Mengele of Cleveland reported the theft of a physician's kit, containing \$75 worth of supplies, from his automobile parked on S. Broadway late Saturday night.

Dog Licenses Expensive
LISBON, April 7.—Frank Tennis of Negley, arrested by Dog Warden Daniel Butch on a charge of having failed to obtain licenses for his two dogs, pleaded guilty to the charge before Justice M. K. Zimmerman Saturday and was fined \$10 and costs.

Tennis then went to the courthouse where he purchased the required licenses. Butch said Tennis had been warned beforehand.

Federal Food Stolen
LISBON, April 7.—A quantity of federal surplus commodities was stolen by thieves who broke into the Oak Grove school house in Wayne township over the weekend. Sheriff George Hayes reported today.

The foodstuffs had been stored in the school for only a few days, it was reported.

Yugoslav Defiance, Russia's Coolness Force Hitler's Hand

By DEWITT MACKENZIE

Hitler's attack in the Balkans indicates either supreme confidence or anxiety that delay would give the Allies a chance to gain strength and get set for action—and likely he is impelled by both these feelings.

Without doubt his hand was forced by Yugoslavia's refusal to bend the neck, by Turkey's refusal to desert her mutual defense pact with Britain, and by Russia's growing coolness toward the Axis. The Nazi chief probably felt that it was too risky to allow this potentially hostile group to coalesce.

COLUMBIANA USES DIAL TELEPHONES

Dial telephones were in operation in all district communities of the Ohio Bell Telephone Co., following the change-over to the dial system at Columbiana at midnight Saturday. A total of 836 telephone subscribers in Columbiana today experienced their first business day with the dial phones.

The dial telephone systems are now complete in the district, covering Salem, Lisbon, Leetonia, East Palestine, New Waterford, Negley, Columbiana and North Lima. Adam Smith, district plant superintendent of the Ohio Bell, supervised the installation.

Salem is the "master office" for the Columbiana system. While the village has its own dial central office equipment in a new building, it is connected to the central office of S. Elm and E. Friend sts., long distance calls and calls for the operator are handled here.

Columbiana's new telephone system represented a \$56,000 expenditure, including \$9,500 for the site and the new building, more than \$32,000 worth of central office equipment in the building, \$11,900 for the dial phones and cost of installing them, and \$2,500 for improvements and re-arrangements of outside plant.

Blast Victim Dies
CANTON, April 7.—Ernest R. Houston, 34, one of three victims of an explosion at the Canton Refining Co. plant here Saturday, died in Aultman hospital Sunday.

Leetonia Youth Uses Plane To Help Win Two Contests

Lawrence Riles, Leetonia High school student, figuratively won the legendary magic carpet Saturday to help Leetonia High school win second place in the state one-act play contest at Columbus and to become eligible for the state band contest in the near future.

Riles, in Columbus Friday for the preliminaries of the one-act play contest, had to be in Toronto to participate in the eastern Ohio music festival, and then had to be back in Columbus for the drama finals at 5 p. m. Saturday.

A plane was chartered for him, he flew from Columbus to Toronto and took part in the music event and then flew back to Columbus, arriving there just 10 minutes before the play curtain went up.

The Leetonia High play, entitled "Which Is the Road to Boston?", starred Riles, Robert Bingham, Pauline Marshall and Suzanne Shook. George Young serves as stage and properties manager, while John C. Converse is play director.

Principal Glen Powell of Leetonia High said the cast probably will participate in the national one-act play contest at the University of Indiana the week of June 1. Sylvania took first place in the state event.

In the music contest at Toronto, the Leetonia High school orchestra won over Cadiz to become eligible for the state contest. Judges praised Director Charles E. Thompson, who they said, had the highest possible rating in the ability of his band and orchestra members to read and interpret music, but that the band lacked certain instruments to round out the musical units.

14 ARE ARRESTED BY STATE PATROL

Two Draw Fines As Result Of Weekend Traffic Violations

Fourteen arrests, two resulting from traffic accidents, were chalked up by Salem state highway patrolmen during the weekend.

Lyman W. Thorne, 39, of Pittsburgh, whose truck was involved in an accident at the junction of Routes 7 and 14 Saturday afternoon, was fined \$10 and costs by Justice S. S. Weaver at Columbiana when he pleaded guilty to a charge of reckless driving.

Joseph Barrickman, R. D. 3, Alliance, driver of an automobile which figured in a Route 62 mishap near Alliance Friday night, was charged with reckless driving and fined \$25 and costs by Mayor Norman Phillips.

Others fined by Mayor Phillips were: Herman F. Hillman of Cincinnati, reckless driving, \$10 and costs; Harry S. West, R. D. 1, Salem, failure to observe stop sign, \$2 and costs.

Ralph E. Moore of Elktion, excessive speed, \$10 and costs; Fred Napier of Youngstown, reckless, \$10 and costs; Clyde Barber, R. D. 5, Lisbon, was fined \$5 and costs by Justice M. K. Zimmerman at Lisbon when he pleaded guilty to a charge of driving an overweight truck in violation of the frost law. John O. Davis of East Liverpool, charged with failure to observe a stop sign, was fined \$5 and costs by Zimmerman.

Steve Kovack of Youngstown, stop sign violation, was fined \$10 and costs by Mayor George Wilson at Canfield.

Five motorists arraigned before Justice W. T. Jones at Edinburg were: Joseph B. Walters, R. D. 1, Ravenna, reckless, \$10 and costs; Harry A. Deardorff of York, Pa., overweight, \$25 and costs; George T. Fenstermaker, Philadelphia, Pa., overweight, \$20 and costs.

Philip Madison, Akron, overweight, \$20 and costs; William L. Williams, Akron, overweight, \$25 and costs.

Berlin Claims 25-Mile Gains In Balkan War

(By the Associated Press)

BERN, Switzerland, April 7.—Advices reaching here tonight said that German forces had not captured any strategic points at the end of the second day of the Nazi smashes on a 750-mile front into Greece and Yugoslavia.

The Nazis' heaviest blows apparently were their dive bomber raids on cities, railway centers, airports and bridges, even while the Allies carried the expanded war to Italy on the Albanian front.

With tough Serb and Greek resistance reported all along the rugged, mountain front, the German government told its people to expect no blitzkrieg as in Poland and France.

U.S. SENDING ARMS TO YUGOSLAV AND GREEK WAR FRONTS

Secretary Hull Denounces Germans' Invasion As "Barbaric"

(By Associated Press)

WASHINGTON, April 7.—The United States rushed shipments of war supplies to Yugoslavia and Greece today after Secretary Hull had denounced Germany's Balkan invasion as "barbaric" and promised that material assistance would be dispatched to the defenders "as speedily as possible."

Indications were that there would be no German advance into Yugoslavia, probably in American ports, either today or by midweek at the latest. The administration is understood to have been preparing for several days against the hour when Germany would launch her Balkan blitzkrieg.

Included in the shipments may be the 75 millimeter guns which President Roosevelt said last week would be sent to Greece, as well as machine guns, mortars, ammunition, bombs and other supplies from the stores of the United States army.

More than \$1,000,000 worth of medical supplies also were ordered sent to Yugoslavia.

Aircraft were not expected to be included in the munitions shipments since Britain's RAF already is operating in the Balkan areas and has been receiving American planes. More than 100 P-40 fighters have been sent to British squadrons through the west African port of Bathurst in the last two months.

First official reaction to Germany's dawn attack yesterday came in a statement from Secretary Hull assuring Yugoslavia of all possible assistance. Since the government had announced such a policy for

LISBON HIGH BAND WINS HIGH HONOR

Capture Four Firsts At Toronto and Earn Superior Rating

LISBON, April 7.—Lisbon High school band, under the direction of Prof. Arthur Wise, won new honors Saturday in the eastern Ohio band contests at Toronto, receiving firsts in all four phases on which they were judged, including sight reading, intonation and tone quality, interpretation and, general effect, to rate a superior classification in the Class B contest.

Toronto and Wellsville high schools also received superior ratings although neither received four straight firsts in the contest. St. Clairsville received an excellent rating and Bridgeport, the fifth school in the Class B competition was rated very good.

The Lisbon High school orchestra, which was the only one in Class B orchestra competition, received an excellent rating, and by virtue of the award is eligible to compete in the state contest which will be held in Columbus, Saturday, April 19. The orchestra also received recognition with a superior rating in sight reading.

In the Class B competition, two county schools received recognition among the nine competing. The East Palestine High school band received a superior rating, and both the band and orchestra of Leetonia high school were awarded excellent ratings.

While there is no state band contest this year, Lisbon, Toronto and Wellsville will be eligible for the state contest next year due to the honors of superior classification in the contest this year.

24 YEARS LATER

The forthcoming rupture in relations between the United States and Germany has been a long time in the making. When it happens, as it must in the near future, no one will be surprised.

Formal diplomatic relations were broken off when President Roosevelt failed to order Ambassador William E. Dodd to return to his post long before the European war started. That was this government's first official notice of dissent to Nazi policy.

Public opinion, which always had viewed Adolf Hitler with suspicion as a frightening symptom of Germany's political turmoil, began to turn against his government in 1934 following the "blood purge." The fact of Nazi violence thereby was established beyond doubt.

The character of the Nazi regime was disclosed further by its use of farcical plebiscites and persecution of the Jews. When it was made plain by occupation of Austria and systematic exploitation of Spain's civil strife that Nazism was not going to be confined inside Germany, all previous suspicions seem to be confirmed.

Subsequently, having gained the initial momentum needed to make its impact on international affairs a serious matter, the Nazi regime boldly showed its hand by a policy of wholesale rearmament and military agreements with other powers. Perhaps America's first clear realization of what was in store for the world was the cynical alliance with Russia, which had been the scapegoat for Hitler's drive to power. A later agreement with Japan proved the United States would not be immune.

As long as there remained some hope of averting general war with honor, Americans shared the hope of Britons and Frenchmen that Germany somehow might be appeased. When it finally became obvious that Germany was not interested in appeasement, but committed to conquest, the shape of things to come was established beyond any possibility of change. The same fundamental points of difference that made the United States and Germany come to the parting of the ways on April 6, 1917, had been reestablished. The issue between autocracy and democracy had been reopened the second time in a quarter of a century.

GETTING CLEARED AWAY

There being good reason to believe events shortly are going to move so rapidly it will be impossible to give more than a nod to each one as it whizzes past—a few things should be set in order.

First of all, it plainly is absurd to continue to think of Italy as retaining the right of self-determination. Italy has lost its separate identity. Germans control its government, do part of its fighting, direct its strategy. There is no reason to expect any dissent on the part of Italy; Italy has been devoured by the super-state its dictator helped to create. Italy is not a separate factor in the war any more.

Second, the German cue about Japanese policy is wholly misleading. Japan has two things to fear, the United States navy and the British navy. It cannot be affected by anything Germany might do, except a decisive victory over Great Britain. The Nazis want Japan to keep the United States preoccupied to make this possible. But the Japanese are not fools. They will not affront the United States seriously until and unless they are certain of German victory; they have had the benefit of Italy's tragic mistake of presuming German victory was in the bag.

Third is the matter of German victory, itself. Part of the secret of Nazi success has been the illusion of an insuperable Germany. That is an integral part of Nazi propaganda. It is intended to paralyze the victim with fear before he is attacked. But the illusion is being continued beyond the plain facts. Germany may conquer the world, but its chances never were darker than they are in the spring of 1941 at the zero hour.

Fourth, and last, is a domestic matter—strikes. Whatever the cause of strikes at this particular time, the effect is the same. It is hampering a program of production. There is a time for talking about causes and a time for being concerned about effects. This is a time for being worried about effects.

HAVE A LOVELY TIME, BUT—

Spring vacation, like caviar, isn't a thing everybody likes equally well. But also like caviar, those who learn to like it have a pronounced weakness for it ever afterward.

Probably the best thing about spring vacation, which doesn't change from year to year is its function as an appetizer for summer vacation. It is the equivalent of taking a day off, perhaps a Monday, in post-academic routine. Not having anything to do or anywhere special to go on Monday morning is one of the really delightful things about living, but it takes a reminder now and then to understand why. The delights of loafing are beyond the comprehension of the busy bee.

There are cases of pupils so captivated by spring vacation that they weren't worth their chalk when it was over and marked time till the real vacation started late in May or early in June. This has made some teachers skeptical, but most teachers have felt the same way about spring vacation at one time or another and are inclined to be tolerant. They, too, relish a foretaste of summer. Of all occupational minorities, school teachers have the best developed appreciation of how to use off-time to contribute to the More Abundant Life.

All of which is a roundabout way of hoping that all parties concerned will enjoy spring vacation this year. It's customary to be courteous about such things, even though burned up inside at the thought that everybody else must wait till summer for a vacation, taking the whole thing—usually no bigger than a sample—at one gulp without the spring buildup so thoughtfully provided for the growing generation. The time will come when it, too, will wonder what

DAILY LENTEN PRAYER

By JOHN BAUMAN

President, Ministerial Association

Father in heaven, in the name of Christ, Thy Son, our Lord, we, Thy earthbound, but redeemed and justified children, come into Thy presence. Humbled, contrite, we confess our sins unto Thee. Forgive us for the sake of the obedience, and the wounds, of Him who died for us.

O Thou Christ of God, who in Almighty power wast weak, and in perfection of life wast lowly, give us true humility and heartfelt sorrow for our evil will and ways. We are frail and fainting; be Thou the staff upon which we may lean. Our minds are blind; be Thou our light. All that we have as our own is naught; fill our minds and our hearts with Thy good gifts. And we shall praise Thee forever. Amen.

THE STARS SAY:

For Tuesday, April 8

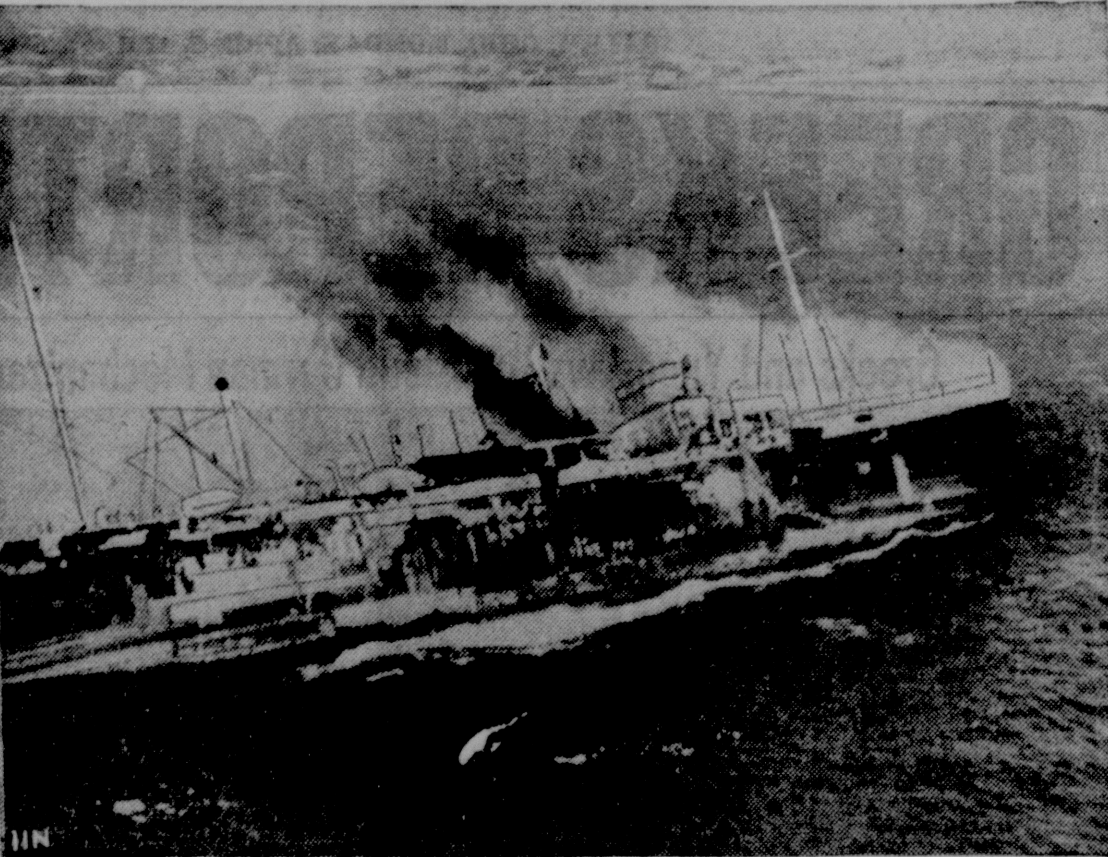

A DAY of progress and opportunity may be read from the dominant planetary aspects. While there may be some friction, anxiety, duplicity with want of cooperation from those in high places, there is nothing portended which may not be offset by the advent of a surprising and quite unlooked-for opening which may eventually lead to advancement, pleasure and probably unusual adventures. This may concern the emotional or romantic life as well as business prospects. The higher creative faculties are under splendid stimuli for original work.

If It Is Your Birthday

Those whose birthday it is may look for a progressive and promising year, with sudden openings that hold gainful, constructive and pleasant culminations. The inventive faculties are under fine auspices for accomplishments along original lines. While there may be some minor friction, opposition and imposition, on the whole affairs should move into pleasant places, with romance and adventure among the fulfilled wishes.

A child born on this day should have excellent opportunity for expressing its creative talent and originality, with much genius in inventive, literary and artistic lines. Romance, adventure and unusual experiences bring pleasure.

NAVY CONSIDERS FOOT TROUBLE

Good Feet Essential For Sailors, Too!

By LOGAN CLENDENING, M. D.

I am very glad to know that the United States Naval Reserve Corps has decided that among the specialists eligible for appointment are the chiropodists, or podiatrists. This group of specialists has long been known to me

Dr. Clendinging will answer questions of general interest only, and then only through his column.

as well trained and competent in their field and occupying a very special and useful place.

The Council of the American Medical Association says: "Chiropody is a department of the healing service and not a cult and it has its basis in scientific and demonstrated knowledge and satisfies a gap that general medicine has failed to fill."

The recognized college course for a podiatrist is now four years of instruction.

Feet to the Fore

The fact is that most general practitioners and most general surgeons are not sufficiently interested in small foot troubles to become skillful in their treatment. We occasionally find an orthopedic surgeon who is interested and is competent, but few cities are favored with men of this character, so that mostly patients have to depend upon the podiatrists and it is a pleasure to record the fact that their confidence is not misplaced.

There are some curious stories told about foot ailments. The felt hat industry originated from an aching corn. According to the story, a Scotchman seeking relief from a painful toenail or corn, put a wad of rabbit fur over his toe to prevent any pressure on the sore spot. The piece of fur having served its purpose, was removed and a valuable principle was discovered. Under constant pressure, agitation and perspiration from the foot, the fur had matted together into a piece of cloth of peculiar texture and exceptional strength. There was a well developed felt hat over the top of the corn, which gave rise to the felt hat industry.

Good feet are important. A government geologist invited to China with a six months' salary deposited to his credit and all expenses guaranteed, had to turn

the proposition down because of bad feet.

The foot is more subject to infection than any other part of the body, in spite of all the achievements in the realm of bacteriology. The shoe interferes with the freedom and speed of the local blood supply. "Athlete's foot" is a name commonly applied to any of the 25 or 50 varieties of ringworm infection of the feet. All the varieties are related but they differ often in their general appearance and response to treatment.

Unless in a horizontal position, the healing time in the lower extremities is from four to ten times more than that in other parts of the body.

As indicated by the Naval Reserve Corps, special attention is given to the feet of enlisted men in any branch of the service, and a very large proportion of rejections is due to foot trouble alone. In the last war, 13 per cent of men were rejected on account of foot trouble.

In places where inspection is carried out, it is found a large number of junior high school children have some form of trouble peculiar to the foot. Many of these things, such as corns and ingrown toenails, can be prevented.

QUESTIONS AND ANSWERS
D. N.:—"Will you kindly tell me what causes burning and itching and drying of the lips?"

Answer—Exposure to weather in most cases. Dry rooms, cold outdoors. Most of us don't drink enough water or have enough moisture in our rooms in the winter.

B. B.:—"My little girl sneezes continually, especially in the morning. What is the cause of this?"

Answer—Chronic obstructed nose or allergy—perhaps sensitiveness to some food.

A PRELUDE
TO BLITZKRIEG

CHAPTER THIRTY-SIX

When Adelheid lay dead he had remained at her side during a period in which he had lost all sense of time. He had been conscious of only one thing, that she was dead. This woman—this girl with her proud Valkyrie beauty—who had been like a light shining in the dark unhappiness of his existence—was gone. She was dead, and death was final. No feel of regret—no longing, no matter how strong or urgent, could alter that inexorable fact. The dream which had supported him—lying and fictional and impossible as he had always known it to be—was gone and he was alone with nothing to support him save the icy comfort of duty, a poor substitute for that warm beauty which had so stirred him.

When at last he had emerged from the first dreadful grief into which his spirit had fallen, he had realized that this dreadful sacrifice that he had made, this terrible offering he had placed upon the altar of his loyalty, must not be wasted. There was work to be done, work urgent to his hands to be accomplished even though that same work sickened the very soul of him and made his whole being draw back in shrinking loathing from it. Adelheid's body must disappear.

At the memory of the next hour or so, every nerve screamed in agony. He had a dim recollection that he drank almost a tumbler of neat brandy to brace himself. In the abnormal condition in which he had been, he might just as well have drunk milk for all the effect it had.

He recalled vaguely that, after a glance at the clock, he had realized that at this hour the staircase, landings and hall of the flats would be in darkness. He realized, too, that there would be no one in the basement garage. Flogging his unwilling brain, he had cogitated desperately as to what he was to do. For the convenience of residents the lift of the flats went down into the basement so that they could step out of it into the garage and thus reach their cars without having to go into the open air. This factor served him well in his extremity, but the dreadful descent in the darkened lift past unseen floors with Adelheid's limp body in his arms was a memory from an infernal nightmare.

His luck, for want of a better word, had held when he had placed her being pathetically careful that she should be lying comfortably—along the back seat of his car he had felt so ill that for some moments after climbing in, he had sat at the wheel scarcely able to lift his hand to the ignition key.

The drive through sleeping London out to Putney Heath had been ghastly. Once or twice he had had to pull himself together very quickly, for he found himself driving crazily.

At the last moment, when he carried her from the car to the shelter of some bushes, his resolve nearly broke.

Kloffer had been quite uncon-

scious, of course, of any observer; but the plainclothes officer, who had slipped out of a police car, parked without its lights a hundred yards behind, had stared in stupefied amazement at the spectacle presented to him.

Moving with infinite precaution, the detective had crept nearer and peered through the darkness. He had seen Kloffer go down on one knee beside the body and take it in his arms. He had seen the man kiss the dead face and linger for a while as though loathe to leave the spot.

The train roared shrieking through a long station as Siegfried Kloffer stirred suddenly when the ticket collector spoke to him.

"You change at Inverness, sir," said this individual, handing him back his ticket.

"No, thank you," said Kloffer.

"I beg your pardon, sir, but I said you have to change at Inverness for Wick."

When the ticket collector had gone, Kloffer strove to rid himself of the grisly ghosts that rode him. He reached for his cigarette case, and in so doing his fingers encountered that long envelope which had arrived that morning by the first post and which he had automatically picked up and slipped into his pocket. He turned it over in his fingers and read the printed words on the back, "Grosvenor and Counties Bank." He returned it to his pocket unopened and lit a cigarette. He had written to his bank a couple of days ago to ask for a statement of his balance and assumed that this was the reply.

The possible importance of that letter from the bank did not, in his present frame of mind, occur to him. It had been arranged between him and Raphael Gleiner in Basle that, should it be necessary for the Swiss banker or Rabbi Ephraim to communicate with him by letter, they should do so through the Grosvenor and Counties Bank. The bank had, instructions to forward such communications not merely readressed but enclosed in one of their own envelopes.

At any other time, Siegfried Kloffer would have realized the possibility that in his pocket he bore a communication from his superiors in Basle, but his brain, at that moment, was anything but normal. He was, in point of fact, not a reasoning animal at all but a mere bundle of raw and ragged emotions.

He had had no food since the night before and had smoked far too many cigarettes. When the steward announced lunch in the restaurant-car Kloffer forced himself to go along, but the food revolted him so he ate little, though he drank two brandies and sodas.

Though he allowed the man to make up his berth for him, he sat all night in his corner. He forced himself deliberately to think of the appointment to which he was going, of von Wallenfels and his deadly plan for the crippling of England. He kept himself going with thoughts which fed his hatred. He deliberately recalled the fact of a woman once seen in the Concentra-

tion Camp at Dachau, quite toothless, white-haired and with eyes which stared with the dreadful nervous intensity of a terror-stricken animal. She had looked sixty but he had been told that her age was twenty-three. She had not responded to "education," he had been informed.

He dwelt, too, upon the most terrible memory in his experience. He recalled that little flat in Vienna which had been the scene of something so callously and incredibly brutal that not all modern propaganda could convince those who had not seen it of its truth. In his capacity of a Nazi official he had accompanied a party of Storm Troopers who had been instructed to enter the flat of a couple who had been summarily arrested by the Black Guards and who were now awaiting trial. The flat was to be searched for evidence. The man was accused of the anti-social crime against the Third Reich of marrying a Jewish woman. She was only quarter Jewish, but that was sufficient taint according to the pure racial laws of the new regime. Kloffer had stood in the background while the Storm Troopers kicked in the door of this humble little home. In the tiny bedroom there was found the mutilated body of a little boy of five. He was dead of starvation. Pulling back the bed-clothes, Kloffer had discovered that both legs were in plaster of Paris. The child had been quite unable to move and, with the disappearance of his parents, had starved to death. No neighbors had come near the flat for fear of showing themselves friendly disposed to so dangerous a family. Ordinary common humanity would, one would have thought, have prompted someone to see that the child was at least fed, but not in the Third Reich, where fear ruled completely and absolutely. The sight of that wasted little body had momentarily stunned Kloffer as he stood looking down at it, and he had been obliged to exercise every ounce of his self-control to retain an impassive face at the remark of the leader of the Storm Troopers when he, too, saw the child's body.

"Hell Hitler," he had exclaimed. "One Jew less."

At Inverness Kloffer would have forgotten to change had it not been for a porter opening the carriage door and inquiring whether he was bound. At five minutes to one in the afternoon, after twenty-three hours' journey, during which he had neither slept nor eaten, Siegfried Kloffer descended onto the platform at Wick. He was unshaven, his clothes were crumpled and he felt as though he could barely put one foot before the other.

He was too tired to notice the other two men who descended from the same train farther down the platform. But they noticed him, never taking their eyes from him until he had left the station. A taxi bore him to the Caithness Arms Hotel. He went up to his room, a cheerless place with its brass bedstead, its aspidistra and its lace curtains. He lay down on the bed as he was and, within two minutes, he was asleep.

Mr. and Mrs. Elmer Bowers, Jr., have moved to Leetonia.

School closed Friday for the Easter vacation which will end Monday, April 14.

The P.-T. A. will hold a skating party at Liberty park this evening.

Theatre Attractions

Not since his successful "Viva Villa" has Wallace Beery had as colorful a role as that of Pancho Lopez, whimsical, dangerous bandit, in "The Bad Man", showing tonight and Tuesday at the State.

The story concerns the bandit, badly wanted by the government, who discovers a young man, who once saved his life, in serious financial difficulties. The bandit discovers, in trying to help the boy and his old uncle, that they are being swindled by an Eastern oil magnate and a banker. Further developments bring the magnate and his wife to the boy's ranch, where Pancho learns the wife, a former sweetheart of the young rancher, is still in love with him.

Between the story editor, the director and producer the bandit gets the lovers together, saves the ranch for them, disposes of the husband conveniently and eludes the law.

The picture is well done, providing the audience doesn't ask too many questions. Beery and Barrymore carry the comedy and drama and the younger players, the romance, in an entirely satisfactory manner.

Bettie Lee Kenneweg Bride Of Louis F. Schilling Here

Miss Bettie Lee Kenneweg, daughter of Mrs. Rene Kenneweg of Albuquerque, N. M., and Ray Kenneweg of E. Fourth st., became the bride of Louis F. Schilling, son of Mrs. Louis F. Schilling of Homewood ave., in a quiet wedding at the home of the bride Saturday evening.

Rev. Carl Asmus, Methodist pastor, officiated. Members of the immediate families and a few friends were present.

Miss Jayne Courtney of Salem was the bride's attendant. Charles Greiner of Toledo served as Mr. Schilling's best man.

The vows were exchanged in an archway banked with gladioli and other flowers. Music for the ceremony was played and sung by Mrs. Steven Odoran. Her numbers included "Because" and "I Love You Truly".

Wears Gold Crepe

The bride wore a gold crepe street dress, military style with gold button trim, and carried yellow roses.

Miss Courtney was in Windsor blue crepe and carried pink sweet peas.

Mrs. Kenneweg, mother of the bride, wore a light blue silk crepe frock with full cape and a corsage of pink sweet peas. Mrs. Schilling, mother of the groom, wore a grey georgette dress and corsage of gardenias.

A buffet lunch was served following the ceremony. The table was attractive with ecru lace cloth and appointments in silver and white.

A tiered wedding cake, topped with miniature bride and groom, formed a centerpiece. Three-branch silver candelabra held long white tapers. Mrs. Douglas Turner assisted at

the buffet table and Mrs. D. H. Rummell presided.

On Wedding Trip

The couple left for a wedding trip to Middleton, near Cincinnati, where they will be guests for a few days of the groom's brother-in-law and sister, Mr. and Mrs. Robert S. Gruver.

They will make their home for the present on E. Fourth st.

The bride is a graduate of Salem High school, class of 1933. She has conducted a dancing school here for several years.

The groom, a graduate of Salem High school, is employed by the Salem Tool Co.

Guests at the wedding included Mr. and Mrs. Frank Smith of Canton; Mrs. Elizabeth King of Pittsburgh, aunt of the bride; and Mr. and Mrs. Charles Greiner of Toledo.

Miss Nettrour Is Canton Man's Bride

The wedding of Miss Sylvia Nettrour, daughter of Mrs. Eva Nettrour of Ohio ave., to Glen Gantz, of Canton, was performed at 9:30 a. m. Saturday at the home of the bride's mother.

Rev. T. C. Lake of Newton Falls officiated at the ceremony, at which members of the immediate families were present.

Miss Nettrour, given in marriage by her brother, Dr. W. S. Nettrour of Pittsburgh, wore a pink eyelet embroidered silk jersey street dress with saddle tan accessories and corsage of pink roses.

Her cousin, Miss Jean Nettrour of Bellevue, Pa., maid of honor, wore aqua eyelet embroidered silk jersey and corsage of Johanna Hill roses.

David Higgins of Newton Falls served as best man.

The bride's mother wore poudre blue silk crepe with matching accessories and corsage of gardenias.

A wedding breakfast was served after the ceremony at the Hotel Lape. The table was attractive with a lower cake on a revolving musical cake stand as centerpiece, topped with miniature bride and groom.

Mr. and Mrs. Gantz left for a motor trip to Washington, D. C.

Mrs. Gantz, who attended the Carnegie Tech art school in Pittsburgh, is art instructor in the Newton Falls schools. After the close of the school term the couple will make their home in Canton, where Mr. Gantz is employed as a foreman by the Berger Manufacturing Co.

Move Citizenship Session To School

LISBON, April 7.—Judge Joel H. Sharp will occupy a bench to be installed upon the stage in David Anderson high school auditorium on Friday when he presides over the spring term of naturalization court.

Owing to the size of the class, 105, Judge Sharp estimated that the court rooms would be too small and arrangements were made to hold the naturalization session in the school auditorium where the seating capacity is around 1,200.

The naturalization session will begin promptly at 8:30 a. m. and it is expected that the patriotic ceremonies in connection with the administering of the oath of allegiance to the United States government to those of the class who successfully pass the examination, will take place soon after the opening of the afternoon session at 1 p. m.

Judge William M. Carter, of Warren, member of the court of appeals, will address the class and John Welsh post, American Legion, will sponsor a program of a patriotic nature, presenting a small American flag to each of the newly made citizens of the United States.

COLOR LINKS CASUAL AND DRESSY GARMENT FABRICS

Left, jacket frock; center, covert suit; right, coat and suit ensemble.

The trend in textures for spring woollens falls into two distinct groups: one, the casual, raised-surface fabric to be seen largely in sports type of suits and coats; the other the compact, tightly woven worsteds intended for dressy garments. Linking both is color, used in such new and exciting harmonies that it has almost become a trend in itself. The three models shown show these trends. Left is a very chic version of the jacket frock. It shows a flash of white at throat and cuff; neatly

nipped-in jacket that fits like a dress, and is made in gray worsted. Covert has returned to high favor and the smartly tailored suit, center, is an example of how this material is being used. It features a well-cut jacket and pleated skirt. The coat and suit ensemble, right, uses plain and plaid woollens together. The coat and skirt are made of a mellow beige plaided with white; the suit jacket has the plaid design on the jacket, but the jacket is solid beige with bright buttons up the front.

Columbiana Plans Holy Week Services

COLUMBIANA, April 7.—The union Good Friday service of local churches will be held at 2 p. m. at the Methodist church.

after a cold then what

DOCTORS stress remaining in bed until the body temperature is normal. Sound advice.

You know how weak you feel after a cold. Colds play havoc in weakening the body. The story is well told in the blood picture. It is important to build back body strength right away to carry the load of work, worries, and loss of sleep. A weakened body may be more susceptible to relapse or long drawn out recovery.

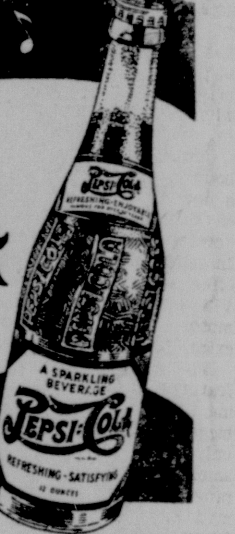

So reason sensibly and take the choice of millions by immediately starting on a course of S.S.S. Tonic—taken three times a day immediately before meals. In the absence of a focal infection or organic disease, you should note improvement in the way you feel and look within the first 10 days. The confidence of millions over many years is the best testimonial of this product.

An experience with S.S.S. Tonic will cause you to say to your friends, S.S.S. made me "feel and look like myself again."

E. L. Grate Motor Company Suggests Actual Driving Test For New Ford

DEMONSTRATION EASILY ARRANGED

Thorough Inspection At Salesrooms Welcomed At Any Time

As spring weather develops, the Ford sales and service garage, of E. L. Grate on S. Ellsworth st., would like to have motorists of the Salem district see and drive the best Ford yet built.

The salesmen would like to show the car because the garage's personnel is sure the 1941 Ford gives more for each auto dollar than other makes in the same price range. Many drivers of the new Ford are telling each day that they're getting more car than Ford has ever built.

Members of the Grate Motor Company sales force will show the 1941 Ford bodies are longer inside, greater in total seating width, larger in wheelbase than anything now in the same price field. A soft and quiet ride that has surprised many people awaits those who take the new Ford for a drive.

Many New Features
Coupled with the improved Ford body are a lengthened wheelbase, a new frame, new springs, improved shock absorbers and the latest development in an auto stabilizer. In addition, Grate salesmen can offer ample evidence that the Ford V-8 engine, only eight-cylinder motor in its field, costs nothing extra for either gas or oil.

But Ford's 1941 extra-quality features don't stop there, according to salesmen. They point to the biggest hydraulic brakes and the only semi-centrifugal type of clutch among cars in the Ford price range. There is a wide variety of models, color designs and style features in Fords now on display in the Grate Motor Company showrooms and garage.

The company also sells the famous Mercury, Lincoln-Zephyr and Lincoln cars. New models of these cars also are available for a driving demonstration. For other prospective customers in the motoring

Endres and Gross, Salem Florists, Are Well Stocked for Easter Season

Views Made at the Endres-Gross Greenhouses Now Filled With Blooming Plants To Bring Joy at This Eastertime.

Easter is the season of flowers, symbols of spring, growing things, renewed hope—a season of thanks-giving—and there is nothing more appropriate to the period, naturally, than flowers themselves.

Flowers bring an opportunity to brighten up the home—a centerpiece for the Easter dining table, a blooming plant for the living room, or a basket of flowers for the vestibule.

And you, too, may be bedecked with a fresh flower for your lapel or a lovely ensemble corsage.

Naturally, when you think of flowers, you think of Endres and Gross, with a handy shop on E. State st., and immediate service at all times.

Endres and Gross have a thrilling array of new spring flowers—fragrant hyacinths, cheery tulips, bright hydrangeas, snow white lilies, and a host of others to make your eye bright and heart glad.

You do not have to make a personal visit to the shop, if your time is occupied this week. You can be sure of Endres and Gross service, not matter what flowers you want or what you want them for. A telephone call is sufficient.

field, the garage has new 1941 Ford trucks for all types of jobs and many bargains in used cars and trucks.

Complete Garage

Balmy spring days and evenings encourage the suggestion too telephone the Grate Motor Company for a driving demonstration will be followed by many in the Salem area. Thorough inspection of new cars at the salesroom and used cars in its used car department is welcomed at any time.

The Grate Motor Co. Service department is able to handle all varieties of work on all makes of cars, and has the equipment and skilled mechanics to back that claim. A specialty is made of repair and service on Ford-built cars, with men being factory-schooled in this work. A complete parts and accessory department is operated, along with lubrication, tire repair and battery and ignition service departments. A phone call to 3428 will bring a wrecker-towing truck to any location for emergency service.

INTERNATIONAL'S NEW MODELS SEEN

K-Line Trucks Serve Every Need, From Light to Heavy Duty

Business upswing throughout the area this spring is bringing more attention to the new International trucks to help in solving transportation problems, according to the management of the Buckeye Motor Sales, 451 E. Pershing st.

International K-line trucks serve every need—from that for a light, speedy, pickup model to the new heavy duty trucks built to do the work expected of such models. Several models are on display at the Salem dealer's garage now, abundant literature on all new truck types is available there and prompt delivery can be made of any model desired.

Offering a complete redesign, the K-line trucks include all improvements that International Harvester engineers have found practicable to pass along to owners. New power, stamina and economy are built into the new International's, featuring the new Green Diamond engines.

Heavy Duty Leaders
Heavy duty trucks include 6-wheel and Diesel-powered units all equipped with new Hi-Tork brakes, rugged rear axle and larger, easier-riding springs. Stream-lined, all-steel cabs have more comforts than ever before, including foam-type rubber seat cushions, easier steering accommodations and other improvements.

New earning power for owners of all types of International's is being discovered since the K-line trucks went on the market. They are built better than ever to give better trucking service at lower cost per ton and per mile, according to those who already have put them to test.

Time to Brighten For Easter Season

With Easter later by almost three weeks this year and weather more propitious, the chances for the customary Easter parade and the opportunity to wear all those gorgeous garments are much more favorable.

Spring here, even if there is a decided nip in the air, bringing the desire to dress up in togs appropriate to the occasion.

You may be purchasing new garments, or, on the other hand you may already have what you want and all that's necessary is a bit of refreshing.

That's where the Paris Cleaners enter the picture. You've got just a week to have that necessary cleaning and pressing taken care of, but a week is loads of time at the Paris plant, if you'll just call them up and tell them what you want.

They'll do the rest and Paris service is traditional. When your work goes to this Salem plant, you know it'll come back just the way you want it.

Thessa Zazula

For the last eight months, Mrs. Thessa Zazula, 44-year-old mother of five children, has virtually lived in St. Elizabeth's church in Detroit, praying almost constantly. Removed to a hospital for observation, Mrs. Zazula told reporters that "at night I sleep on a church bench. My daughter brings me food. I am content. I just want to stay here." Father Herbert Weier, pastor, said that no amount of persuasion could force her to leave.

FLUID DRIVER HAS TROUBLE-FREE RIDE

Service Factor Is Almost Negligible, Factory Explains

"From the standpoint of the service department, fluid drive is the most satisfactory development introduced in the motor car within my memory," says William A. Hillman, service manager of the Chrysler Salem division, Chrysler corporation.

"We have had fluid drive in some of our models for three years and it became available in all of them with the introduction of the 1941 line, so I think it is safe to say that owners have driven a billion miles in cars so equipped.

Six Years of Study

Before putting fluid drive on the market, we devoted over six years to intensive experimental and research work. That certainly is a length and variety of experience that would give us the true picture of the durability and practicability of fluid drive. I can truthfully say that we have had less service demands from fluid drive than from any other major improvement that ever went into a car. We service men may even forget that there is such a device.

"These cars should enjoy their allotted span of life without a tool ever being laid on any part of the fluid drive mechanism. As for the owner, he will appreciate the benefits that accrue from fluid drive in improved performance and handling ease, but he will never be conscious of the mechanical means by which they are produced. In its freedom from trouble you might compare fluid drive to some of the essential organs of the human body; we never know that we have them unless they get out of order.

Guarantee Satisfaction

"We have leaned over backwards in our insistence that every owner of a fluid drive car be perfectly satisfied with the unit. And owners naturally are inclined to be on the lookout for trouble in any new device and to rush to the service station with troubles real or imaginary. Still our service department is seldom made aware that fluid drive exists.

"This condition is only natural, however. Fluid drive is fundamentally sound in design and construction. The parts are few and the two moving parts, the so-called 'driver' and 'runner' discs between which the energy is carried by whirling oil, are big and strong. They are steel stampings and their vanes or blades are electrically welded to them in such a way that the weld is even stronger than the plain steel itself. So in the final analysis, the season fluid drive doesn't require service is that there is nothing to get out of order."

Cincinnati Reds On Tough Teams In Preparation For Opener

REDS SHOW CLASS IN PRACTICE TILTS WITH MAJOR FOES

Derringer Recovers From Florida Injury; Lombardi Back In Form

By JUDSON BAILEY

The Cincinnati Reds aren't squeezing the Grapevine league dry, but they are making themselves look mighty good for the opening of the National league season a week from tomorrow.

The world champions have won 15 games and lost 10 in the Citrus circuit, a mark which looks a little puny beside the record of the New York Yankees' 22 victories and 5 defeats.

But 24 of the Reds' 25 games have been against Major league opponents—seven different clubs representing both leagues—and Bill McKeehin has been steering his raiders to hit opening day at full throttle.

The tipoff that he is about to succeed came yesterday when Cincinnati downed the Boston Red Sox 5 to 3 with six-hit pitching by Duke Derringer and Gene Thompson and a 12-hit attack.

Derringer had been struck in the groin by a batted ball in Florida and had been away from the team for a couple of weeks. He showed that he is his old fearsome self again by holding the Red Sox to one hit for three innings in his first start since rejoining the club.

Catcher Ernie Lombardi has been limping on the ankle he injured just before last year's World series and there has been doubt about how much help he would be this year. But he rapped out three hits, two of them doubles, and caught six innings yesterday to show he is fit.

These developments overshadowed the slight-of-hand magic many of the other big leaguers were showing the bushes last week. Most of the teams were headed homeward with one-day stands against assorted rivals and the Yankees, Brooklyn Dodgers and St. Louis Cardinals all succeeded in winning every one of their seven sessions during the week. But there wasn't a major league victim in the lot.

EL PASO, Tex.—Connie Mack of the Philadelphia Athletics sat in the stands yesterday and let Al Simmons run the team and the A's beat Pittsburgh 14-12 in 10 innings.
ATLANTA.—The New York Yankees' exhibition-game slugging has pretty well overshadowed their pitching, but they can't keep Lefty Gomez's comeback hidden. Gomez has pitched 25 innings in five games so far, allowing 19 hits and four runs. In his four-hit shutout of the Memphis Chiefs yesterday he didn't give a walk nor let a runner get past first.

PHILADELPHIA—President Gerry Nugent of the Phillies, who left the team on its way to Charleston, S. C., to return home, shrugged off reports that Johnny Rizzo, hard-hitting outfielder, might be traded. "We consider Johnny quite a player," he said. "We would not consider trading him unless we received something worthwhile in return."

SHREVEPORT, La.—The St. Louis Cardinals won one for "the kid" when they beat Houston 5-1 yesterday. Manager Billy Southworth's son, Billy, Jr., who was a pretty good ball player himself before he joined the army air corps, was one of the spectators. He is stationed at Randolph Field, Tex.

KENT ELKS CAPTURE STATE BOWLING MEET

COLUMBUS, April 7.—The Kent Elks No. 1 team won the Elks' State Bowling tournament title with a 3203 score as firing ceased over the weekend.

The Fremont Oils placed tenth with 3,000.
L. Boach of Xenia had 724 to pace the singles division. S. Manetto of Warren had 686 for seventh.
The Columbus duo of H. Kulp and E. Copp posted 1309 for the doubles crown. R. Wilson and G. Fisher of Lima had 1266 for sixth and J. Steinmetz and L. Schuler of Marion 1262 for eighth.

Weekend Sports In Brief

FRENCH LICK, Ind.—Gus Moreland wins 54 Midwest Amateur Golf tourney, shooting 215 to break Chick Evans' tournament record.

CHICAGO.—National Football league makes 11 changes in playing code; adopts revised constitution giving Elmer Layden, new commissioner and successor to President Carl Storck, sweeping powers to control clubs and players.

CLEVELAND.—Dave Freeman, Pasadena, Calif., wins National Amateur Badminton singles title for third year, beating Carl Love-day, Montclair, N. J., 15-6, 15-8; also figures in two doubles victories. Thelma Kingsbury, Oakland, Calif., takes women's singles and doubles.

MACON, Ga.—Brooklyn Dodgers reinstate Van Lingle Mungo, star pitcher suspended for breaking training rules in Havana.

BIRMINGHAM, Ala.—X-rays show Ted Williams, Boston Red Sox slugger, broke ankle bone in recent exhibition game.

BOWIE, Md.—Robert L. J. B. Partridge's machine race, beats Glen Pelkner's machine in photo finish of \$5,000 Bowie handicap, run over muddy track.

FINDLAY AUDITOR HITS RECORD MARK
DAYTON, April 7.—Ed Kowolles of Findlay is an auditor so he didn't have any trouble in adding his scores at the Ohio State Bowling tourney here but the record 1293 all-events total amazed even his practiced eye.

Completing his tournament schedule in one day, Kowolles averaged 220 pins for nine consecutive games, highest in the 38-year-old Buckeye classic.

Rolling in the lead-off spot for the Findlay Recreation yesterday, he scored 689 in the Class A doubles, 664 in the singles and 647 in the five-man team event, taking the singles and all-events leads.

In the Class B singles, Louis Avery of Newark gained the lead with a 676 on a 45 pin over-all handicap, while R. Gilder of Bryan ranked second with 651. H. Allison

BOWLING NEWS

Salem News bowlers, divided into teams captained by Jim Jackson and Wink Miller, rolled two special matches on the Alliance Recreation alleys, Jackson's five winning both.

The first match was for the dinner, and after eating at the expense of Miller's team, the keggers returned to the alleys for another series. Jackson's team won the first match 2573 to 2477 and the second 2665 to 2323. Hawley had a 230 in the first match and a 227 in the second; Primm had a 206 in the first and a 214 in the second; DeRhodes a 203 in the first and a 204 in the second.

Toledo, Mt. Vernon Men Dominate Pin Tourney
TOLEDO, April 7.—Toledo and Mt. Vernon bowlers took the major share of honors in the annual Ohio American Legion Bowling tournament here.

Toledo doubles teams finished one-two in the meet ending yesterday, R. Myers and C. Stein with 1321 and J. Baker and J. Nowak with 1312.
Fry Strang of Mt. Vernon paced the singles contingent with 693, ahead of second-place T. Maney of Van Wert by 25 pins. R. Bourque of Mt. Vernon had 665 for fourth. The H. E. Anderson post of Defiance had 3102 for team honors, followed by three Toledo outfits and the Dan C. Stone outfit of Mt. Vernon in fifth place with 2983.

The Spartans defeated the University of Pittsburgh quintet, going under the River Florists banner in the quarter-finals, but lost a 42-35

Breezy Briefs Of Sport From Brietz To You

BY EDDIE BRIETZ

NEW YORK, April 7.—(The Special News Service)—Leo Durocher apparently isn't too happy about having Van Mungo back. Specials to the New York papers quote him: "Next time, Mungo goes or I go." George Halas, Clark Shaughnessy and Ralph Jones, Wake Forest college coach, are collaborating on a book, "The Modern T Formation." Mike Jacobs is burned up at the unsatisfactory ending of that Conn-Barlund thing in Chicago. The way Mike's store teeth are clacking indicates Lou Nova instead of Conn will get that June shot at Joe Louis. Lou Novikoff took his first chew of tobacco the other day and for a few moments felt like a real big leaguer—then it caught up with him.

Might, at That

The general trend around the town since Nova kicked Max Baer around is that a shot of Nova-Conn might help to quiet Joe Louis down.

The Weeks Wash

Umpire George Barr is getting in shape for the National league season by scampering around the Tulsa ball park seven mornings weekly. Recommended: Harold Parrott's slick piece on Frankie Kovacs (tennis Dizzy Dean) in the current S. E. P. Kansas hunch players cleaned up when a nag named Sasmak (Kansas in reverse) galloped home at tropical paying 53 smackers. Four members of the Detroit club alone draw salaries totaling \$125,000 per. Now you guess—Greenberg and who? Observation ward: Frankie Frisch, who saw his Pirates blow a 9-1 lead and lose to the Athletics, 12-11. A Rollins college graduate named Wendell Davis (now doing) radio work in Boston, is the gent largely responsible for detouring all those California tennis stars to Florida.

How Come?

Southwestern sports scribes are steaming. Seems the officials who selected the National A. A. U's All-America cage team completely overlooked Hazel Walker Crutcher, of Little Rock, seven-time All-America in her 14-year cage career. Didn't even get honorable mention. Now is that a nice way to treat a cigarette who has sparked her team to five national championships in five years?

People and Things

George Halas might be pleased with the way colleges are snapping up his Chicago Bears for coaching jobs. First U. C. L. A. got Bernie Masterson, then "Eggs" Mankie went to Holy Cross and now Carl Brumbaugh goes to Boston college. Slip Madigan is running specials from Los Angeles to the Kentucky Derby and preakness. John Kimbrough, the celebrated footballer, is in town for a few radio and personal appearances. Scranton, Pa., has an undefeated duck pin team that is having a hard time getting matches. Just write George Becker, 519 Linton st., if you're interested. Long Island U. cagers no more succeeded in getting their breath after winning the National Invitation tournament than Coach Clair Bee ordered them out for spring practice.

Today's Guest Star

Dick Dashiell, Asheville (N. C.) Times: "Jim Braddock and Red Burman, according to reports from various stops along their exhibition tour have been pulling more punches than customers."

Please, Professor

It is to be hoped the Yale professor who helped Lou Nova develop his new "cosmic punch" will be able to devote a little time next fall to the Yale football team.

Two Salem Cagers Play With Quintet at Tri-State

Two Salem cagers, Herb Brown and Bob Jeffries, were members of the Girard Spartan five which won the consolation finals in the East Liverpool Tri-State tourney Saturday night. The Spartans swamped the Toledo DeLuxe Inn, which was represented by Toledo U. Players, by a 45-16 count.

The remainder of the "Girard" team was made up of Ray Rowney, Ray Sweeney, Kenny Grubb of the Sweet & Tube, Bergman and Corley of Youngstown college, and Davies of Girard.

The Spartans defeated the University of Pittsburgh quintet, going under the River Florists banner in the quarter-finals, but lost a 42-35

FELLER WILL FACE GIANTS, THEN REST FOR LOOP OPENER

Indians Lose Weird Game To Knoxville; Errors Are Pentiful

JOHNSON CITY, Tenn., April 7.—With the season's opener only a week away, Manager Roger Peckinpaugh nominated Bob Feller today his semi-final appearance of the training schedule.

Winner of 27 games in 1940, Blazin' Bob will face the New York Giants again in Richmond, Va., Friday and then take the usual three-day rest before firing at the Chicago White Sox in the Cleveland inaugural April 15.

The Indians lost to Knoxville of the Southern association yesterday in a weird game, 15 to 13.

Mel Harder was punished for 11 hits in 4 2-3 innings and Clint Brown gave up six the rest of the distance. Harder also walked four batters in making his poorest showing of the year.

Sloppy fielding contributed to the defeat with Ken Keltner drawing three errors and Hal Trosky one. Several ordinary drives also were misjudged into hits.

Keltner was just as hot at bat as he was cold in the field, smashing two home runs and a double. Trosky also hit for the circuit, his blow coming with the bases full. Ray Mack got Cleveland's fourth homer.

The Indians slashed their pitching staff to 15 yesterday with the optioning of Dewey Adkins, young right-hander, to Wilkes-Barre. Four or five more hurlers will go before the May 15 deadline.

1 KILLED, 2 HURT NEAR DEERFIELD

Cleveland Is Victim. One of 14 In Ohio Over Weekend

(Continued from Page 1)

Bower was taken to City hospital by the patrol. Joseph Marks, Lisbon, Negro, suffered a broken nose and lost several front teeth when his automobile and another, driven by H. J. Becker of Brooklyn, N. Y., collided head on on Route 30, four miles south of Lisbon, at 10 p. m. Sunday.

Marks was brought to the Central Clinic. Becker was uninjured.

Car Lands on Tracks
Herbert Hanna, 20, of Guilford, and four companions escaped unhurt when their automobile struck a bump on the Logtown road, near Lisbon, at 6 p. m. yesterday and rolled down an embankment onto the Erie railroad tracks, the sheriff's office reported.

A Penn Forwarding Co. truck operated by Lyman W. Thorne, 39, of Pittsburgh, and a car driven by Charles W. Penford, 26, of Cleveland, tangled at the intersection of Routes 14 and 7, east of Columbiana, at 12:30 p. m. Saturday. No one was injured.

Frank Frederick, 30, of Niles, received bruises when the automobile in which he was riding with Carl L. Gonnella, 26, of Niles, and another operated by Richard E. Shaw, 20, of R. D. 5, Youngstown, sideswiped on Route 62, just north of Capfield, at 1:30 a. m. Sunday, the patrol reported.

Shocking

WATERTOWN, Mass.—Next time you receive a big electric light bill smile and think—well, it isn't as bad as John A. Hedin's.

While fighting a blaze in the apartment in which Hedin lives, firemen discovered someone had connected wires in an upper floor apartment in such a way that the electricity registered on Hedin's meter. The work was done 15 years ago, firemen said, and Hedin had been paying charges ever since.

U.S. SENDING ARMS TO BALKAN ARMIES

Secretary Hull Denounces Germans' Invasion As "Barbaric"

(Continued from Page 1)

Greece, Hull, fresh from a conference with President Roosevelt, directed his declaration chiefly to the newest victim of the European war. "The barbaric invasion of Yugoslavia and the attempt to annihilate that country by brute force," he said, "is but another chapter in the recent planned movement of attempted world conquest and domination."

Sympathize With Victims
He asserted that "the American people have the greatest sympathy for the nation which has been thus so outrageously attacked," and he added: "This government with its policy of helping those who are defending themselves against would-be conquerors is now proceeding as speedily as possible to send military and other supplies to Yugoslavia."

Simultaneously the government moved to provide such assistance as it could to American citizens in the embattled country. The total could not be determined immediately, officials said, but more than 2,000 were reported to be in Belgrade alone.

The problem of transporting the materials to the Balkans was believed here not to be very great. Eight Yugoslavian ships were reported in American ports in the last few days, although many days of dangerous travel are ahead for them.

duct on the company premises of such employee is interfering with shop discipline. It is expected that by union members remaining in good standing, such interference with shop discipline be reduced."

With the Allis-Chalmers strike out of the way the defense mediation board was left with three disputes unsettled out of eight which have been certified to it by the labor department.

These are the Cowsells Tool company, Cleveland, where 80 CIO United Automobile Workers ask wage-hour adjustments and a closed shop; the Standard Tool company, Cleveland, where 650 CIO-AUAW members made those demands plus a new bargaining agreement; and the seas shipping company, New York, whose AFL marine engineers want a bigger bonus rate.

CIO's United Electrical, Radio and Machine Workers called a work stoppage last midnight at the Bayway, Elizabeth, N. J., plant of Phelps-Dodge Copper Products corporation, which employs 1,500 and has \$30,000,000 of defense orders. The union wants a union shop, wage adjustments and vacations.

War Briefs

(By Associated Press)
LONDON, April 7—A German destroyer torpedoed by a British plane yesterday was believed sunk and another destroyer was damaged by a bomb, an air ministry communique said today.

The communique also reported another attack on the Brest naval base, where the German battleships, Schernhorst and Gneisenau, are sheltering, and offensive patrols over northern France by daylight yesterday.

Four planes were listed as missing from the operations.

ROME, April 7—The Italian high command declared today Fascist military forces evacuated the Ethiopian capital of Addis Ababa to "avert casualties among the civilian population."

The British announced yesterday their forces had entered the city, apparently meeting no resistance.

BERLIN, April 7—German activity in the Balkans seemingly failed to hinder the Luftwaffe in carrying out military missions over England at the same time, the Germans said today.

A harbor on the English west coast, according to DNB, the official German news agency, was attacked last night.

A large convoy on the east coast of Scotland was attacked in the evening hours yesterday, the agency reported, adding that details were unknown.

ROME, April 7—One of the British paratroopers who landed in southern Italy last February was shot in the back by a firing squad at dawn yesterday as a traitor after he was identified as an Italian citizen, it was announced today.

The announcement disclosed the paratroopers had "carried out acts of sabotage."

BERLIN, April 6—(Delayed)—Heinrich Himmler, head of all German police organizations, tonight forbade dancing throughout the nation.

Similar prohibitions were in force previously while the war was in active phases.

OSCEOLA, Ark.—Clay Dundavant Barbour certainly can't be called a slacker. Two days after he had finished a three-year hitch in the army he enlisted in the navy.
